SCHOOL REPORT

Looking over our schools for the past year we can see an improvement in some ways, but not up to the standard they should reach, considering the amount of schooling now provided.

The parents should arouse in the child a DESIRE to attend school regularly instead of his feeling that he is OBLIGED to go.

Show them that the ones who are punctual in their attendance, and improve all opportunities for their betterment, are the ones who make successful men and women in the future.

Let them know that you are interested by visiting the schools; find out what they are doing by observation and not by hearsay.

Following is a little quotation:

“O, dear, what can the matter be,
Parents don't visit the school?
They care for the races, they care for their dollars;
They care for their laces and fancy fine collars,
But little we think do they care for their scholars,
Because they don't visit the school.”

Thanking all who have aided in the cause of education, we shall endeavor to make a still greater improvement in the coming year.

Following is an account of the receipts and expenditures for the past year.

In the amount carried out for transportation of pupils, one hundred and fifteen dollars were paid for conveyance of the scholars in the Rines district and one hundred and one dollars for their tuition to the town of Alton, instead of conducting a school there.

ZANELLO D. BERRY,	} School Board of New Durham.

During the year 1913, two hundred four new books were added to the library.

After the resignation of the librarian, Mrs. Leslie W. Ricker, the trustees decided to take charge of the library without charge. By so doing the entire yearly appropriation, thirty-three dollars, may be used for the purchase of new books.

Two library socials were held during the summer and the money thus obtained will be expended for books.

As the people living in the southern part of the town have not had the benefit of the library the trustees have placed some of the older books in charge of Mrs. Edwin R. Young, who kindly consented to act as librarian for that part of the town without charge.

We were pleased with the increase of interest in the library and wish to thank all who so kindly assisted in cooking for and patronizing the library socials.

We hope for a still greater interest in years to come.

Respectfully submitted,

CARRIE M. MILLER,) Library Trustees.
